

Ordering CDs

Higher Ground uses a high quality duplication process for its CDs that should guarantee that they perform well in any CD player. If they don't, Higher Ground will replace them, no questions asked or return necessary.

The entirety or majority of each CD was originally recorded live, but has been re-mastered in a recording studio to offer the highest possible listening experience.

To order, please make out a check to Higher Ground and mail it to 1361 Dutch Mill Drive, Ballwin, MO 63011

The cost of each CD is listed on its page. You should include postage and handling of \$4 for the first item ordered and \$2 for each additional item.

A special offer for those ordering off the website is all five of Dick's CDs (an \$80 value) for just \$65 – and Higher Ground will pay the mailing costs (another \$12 saving). This is a total savings of \$27 for the whole set!

If you have any questions, you may write Dick at the postal address above, or email him at highergroundforlife@gmail.com
